Note(s): 1) Other additions and replacements include porches, carports, swimming pools and other major improvements or repairs to lot or yard.
2) Total expenditures (professional installation plus do-it-yourself installation) are \$1.8 billion higher compared to Table 2.6.1. This discrepancy is due to sampling methods used by HUD for the American Housing Survey and DOC in the Survey of Expenditures for Residential Improvements and Repairs. Individual households may report projects in multiple categories.
